CONDITIONS : GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions (whether or not attached to this document). The Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on the Definitive Securities or attached to the Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power ("**Applicable Law**"). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) **Validity.** Unless otherwise specified in an Offering Supplement, announcements to Holders will be valid if delivered to the Clearing Agent(s).
- (b) **Delivery.** Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the date first delivered to a Clearing Agent) or, if published as specified in the relevant Offering Supplement on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a):(i) if it determines that a Hedging Disruption Event has occurred and (ii) the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A "**Hedging Disruption Event**" shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a "**Relevant Hedging Transaction**") it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the "**Disrupted Instrument**") which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such amount to be paid

under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;

- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may:
 - (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or
 - (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

6. PURCHASES , FURTHER ISSUES BY THE ISSUER AND PRESCRIPTION

- (a) Purchases. The Issuer or any Affiliate may, except under certain circumstances, purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held, surrendered for cancellation or reissued or resold, and Securities so reissued or resold shall for all purposes be deemed to form part of the original series of Securities.

In this General Condition 6(a) "**Affiliate**" means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein "**control**" means the ownership of a majority of the voting power of the entity and "**controlled by**" and "**controls**" shall be construed accordingly.

- (b) Further Issues. The Issuer shall be at liberty from time to time without the consent of the Holders or any of them to create and issue further securities so as to be consolidated with and

form a single series with the Securities.

- (c) Prescription. Any Security or Coupon which is capable of presentation and is not so presented by its due date for presentation shall be void, and its value reduced to zero, if not so presented within five years of such due date. For the avoidance of doubt, any Securities which are subject to provisions relating to their exercise shall be void, and their value shall be zero, if not exercised in accordance with their provisions.

7. DETERMINATIONS AND MODIFICATIONS

- (a) Determinations. Any determination made by the Issuer shall (save in the case of manifest error) be final, conclusive and binding on the Holders.
- (b) Modifications. The Issuer may without the consent of the Holders or any of them, modify any provision of the Conditions which is (i) of a formal, minor or technical nature, (ii) made to correct a manifest error, or (iii) in its absolute discretion, not materially prejudicial to the interests of the Holders. Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the "**Substitute**"), being any subsidiary or affiliate of the Issuer, subject to: (i) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO Holding N.V. ("**Holding**") (unless Holding is the Substitute); (ii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (iii) the Issuer having given at least 30 days' prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.
- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar

payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay, any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment. Each Holder shall indemnify the Issuer against any loss, cost or other liability whatsoever sustained or incurred by the Issuer in respect of any such tax, duty, charge, withholding or other payment as referred to above in respect of the Securities of such Holder.

10. REPLACEMENT OF SECURITIES AND COUPONS

Mutilated or defaced Securities and Coupons must be surrendered before replacements will be issued.

11. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

- (a) Redenomination. The Issuer may, without the consent of any Holder, on giving notice to the Holders in accordance with General Condition 4 elect that, with effect from the Adjustment Date specified in such notice, certain terms of the Securities shall be redenominated in euro. The election will have effect as follows:
 - (i) where the Settlement Currency is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, whether as from 1999 or after such date, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Issuer may decide and as may be specified in the notice, and after the Adjustment Date, all payments in respect of the Securities will be made solely in euro as though references in the Securities to the Settlement Currency were to euro;
 - (ii) where the Conditions contain a rate of exchange or any of the Conditions are expressed in a currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union pursuant to the Treaty, whether as from 1999 or after such date, such rate of exchange and/or any other terms of the

Conditions shall be deemed to be expressed in or, in the case of a rate of exchange, converted for or, as the case may be into, euro at the Established Rate; and

- (iii) such other changes shall be made to the Conditions as the Issuer may decide to conform them to conventions then applicable to instruments expressed in euro.
- (b) **Adjustment to Conditions.** The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with General Condition 4 make such adjustments to the Conditions as the Issuer may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Conditions.
- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to

paragraphs (i), (ii), (iii) or (iv) below.

- (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the "**Successor Sponsor**") acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If: (A) on or prior to the Valuation Date, the Stop Loss Termination Valuation Date or the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date, the Stop Loss Termination Valuation Date or the Issuer Call Date the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price, the Stop Loss Termination Reference Price or the Termination Reference Price using, in lieu of a published level(s) for the Index on the Valuation Date, the Issuer Call Date or during the Stop Loss Termination Valuation Period, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) a distribution or dividend to existing holders of the

Shares of: (aa) Shares; or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

(iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(c) The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

- (a) the Current Financing Level; plus
- (b) the Current Stop Loss Premium.

The Stop Loss Price shall be rounded up to the next whole unit (with 0.5 being rounded upwards) of the Financing Level Currency. The Stop Loss Price on the Issue Date shall be the amount specified as such in the definition of the relevant Series;

"Stop Loss Termination Date" means the first Trading Day on which the Stop Loss Event occurs;

"Stop Loss Termination Reference Price" means, subject to adjustment in accordance with Product Condition 4, an amount (which shall be deemed to be a monetary value in the Financing Level Currency), as determined by the Calculation Agent in its sole and absolute discretion on the Stop Loss Termination Valuation Date, equal to the fair value of the Reference Asset Price, based on the Reference Asset Price on the Exchange during the Stop Loss Termination Valuation Period;

"Stop Loss Termination Valuation Date" means the last Trading Day during the Stop Loss Termination Valuation Period;

"Stop Loss Termination Valuation Period" means a reasonable period following the Stop Loss Event, as determined by the Calculation Agent in its sole and absolute discretion, which period shall be determined by the liquidity in the underlying market and shall not be greater than 3 hours (and excluding for this purpose any period during which a Market Disruption Event is continuing). If the Stop Loss Event occurs less than 3 hours prior to the official close of trading on the Exchange (excluding for this purpose any period during which a Market Disruption Event is continuing), such period shall continue to such number of sequential next following Trading Days as shall be necessary for the total number of such hours to be not more than 3 as determined by the Calculation Agent in its sole and absolute discretion;

"Termination Reference Price" means an amount (which shall be deemed to be a monetary value in the Financing Level Currency) equal to the Reference Asset Price on the Exchange at the Valuation Time, adjusted for any reasonable market-making spreads, on the Issuer Call Date as determined by or on behalf of the Calculation Agent without regard to any subsequently published correction;

"Trading Day" means any day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day (other than a Saturday or Sunday) on each Exchange and Related Exchange other than a day on which trading on the Exchange or the Related Exchange is scheduled to cease prior to its regular weekday closing time;

"Trading Hours" means as regards each Exchange its regular scheduled opening hours on the Rollover Date;

"Valuation Date" means the prompt date in March in each year, commencing March 2006, unless, in the determination of the Calculation Agent, a Market Disruption Event has occurred on that day in which case, the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Market Disruption Event, unless the Calculation Agent determines that there is a Market Disruption Event occurring on each of the five Trading Days immediately following the original date which (but for the Market Disruption Event) would have been a Valuation Date. In that case (a) the fifth Trading Day shall be deemed to be the Valuation Date (regardless of the Market Disruption Event); and (b) the Calculation Agent shall determine the Final Reference Price having regard to the then prevailing market conditions, the last reported Reference Asset Price on the Exchange and such other factors as the Calculation Agent determines to be relevant; and

"Valuation Time" means the close of the 2nd ring session on the Exchange or such other time as the Issuer may determine in its absolute discretion and notify to Holders in accordance with General Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

2. FORM

The Securities are represented by a global security (the "**Global Security**") which will be deposited with the Clearing Agent and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular unit quantity of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the unit quantity of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such unit quantity of the Securities (and the term "**Holder**" shall be construed accordingly) for all purposes, other than with respect to any payment and / or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

3. RIGHTS AND PROCEDURES

- (a) Exercise. Provided no Stop Loss Event has occurred, and notwithstanding notice of an Issuer

Call, the Securities are exercisable by delivery of a Notice prior to the Exercise Time on an Exercise Date.

- (b) Stop Loss Event. Following a Stop Loss Event, the Securities will terminate automatically and the Issuer will give notice to the Holders in accordance with General Condition 4. A Stop Loss Event will override an Issuer Call and/or due Exercise if the Stop Loss Event occurs prior to or on an Issuer Call Date or Valuation Date as the case may be.
- (c) Issuer Call. The Issuer may terminate, subject to a valid Exercise or a Stop Loss Event, the Securities, in whole but not in part on any Business Day by giving the Holders at least one calendar years notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4, and shall specify the Issuer Call Date.
- (d) Cash Settlement. Each Security upon due Exercise, termination pursuant to an Issuer Call or following a Stop Loss Event and subject to the delivery by the Holder of a duly completed Notice and to certification as to non-U.S. beneficial ownership, entitles its Holder to receive, from the Issuer on the Settlement Date either:
 - (i) The Exercise Cash Amount, following a valid Exercise, or
 - (ii) The Issuer Call Cash Amount, following a valid Issuer Call, or
 - (iii) The Stop Loss Cash Amount, following a Stop Loss Event.
- (e) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until the next following Payment Day and shall not be entitled to any interest or other payment in respect of such delay.
- (f) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Amount.
- (g) Notice. All payments shall be subject to the delivery of a duly completed notice (a "**Notice**") to a Clearing Agent with a copy to the Principal Agent. The form of the Notice may be obtained during normal business hours from the specified office of each Agent.

A Notice shall:

- (i) specify the number of Securities to which it relates;
- (ii) specify the number of the account with the Clearing Agent to be debited with the Securities to which it relates;

- (iii) irrevocably instruct and authorise the Clearing Agent to debit on or before the Settlement Date such account with such Securities;
 - (iv) specify the number of the account with the Clearing Agent to be credited with the Cash Amount (if any) for such Securities;
 - (v) certify that neither the person exercising the Security nor any person on whose behalf the Security is being exercised is a U.S. person or a person within the United States. As used herein, "**U.S. person**" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "**U.S. person**" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and
 - (vi) authorise the production of such notice in any applicable administrative or legal proceedings.
- (h) Verification. In respect of each Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (i) Settlement. The Issuer shall pay or cause to be paid the Cash Amount (if any) for each Security with respect to which a Notice has been delivered to the account specified in the relevant Notice for the value on the Settlement Date.
- (j) Determinations. Failure properly to complete and deliver a Notice may result in such notice being treated as null and void. Any determination as to whether a Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and

binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void.

If such Notice is subsequently corrected to the satisfaction of the Principal Agent, it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent.

Any Security with respect to which a Notice has not been duly completed and delivered in the manner set out above by the time specified in Product Condition 3 shall become void.

The Principal Agent shall use its best efforts promptly to notify the relevant Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (k) Delivery of a Notice. Delivery of a Notice by or on behalf of a Holder shall be irrevocable with respect to the Securities specified and no Notice may be withdrawn after receipt by a Clearing Agent as provided above. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A "**Market Disruption Event**" means:

- (a) Price Source Disruption. The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange on the Valuation Date, the Issuer Call Date or during the Stop Loss Termination Valuation Period; or

- (b) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (c) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Reference Asset on the Exchange; or
- (d) Material Change in Formula. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Reference Asset; or
- (e) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content, composition of the Reference Asset; or
- (f) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Reference Asset is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Reference Asset has been impaired due to a lack of, or, a material reduction in, trading in the Reference Asset on the Exchange; or
- (g) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Reference Asset (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Reference Asset on the Valuation Date and/or on each of the three Trading Days following the Valuation Date and/or during the Stop Loss Termination Valuation Period from what it would have been without that imposition, change or removal; or
- (h) Trading Limitation. The material limitation imposed on trading in the Reference Asset with respect to it or any contract with respect thereto on any exchange or principal trading market.
- (i) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located; or
- (j) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations.

5. GOVERNING LAW

The Conditions pertaining to the Securities shall be governed by and shall be construed in accordance with English law.

ZUSATZANGABEN FUER DAS ANGEBOT IN DER BUNDESREPUBLIK DEUTSCHLAND

WICHTIG : DIESE ZUSATZANGABEN FUER DAS ANGEBOT IN DER BUNDESREPUBLIK DEUTSCHLAND SOWIE DARIN ENTHALTENE BEZUGNAHMEN AUF WERTPAPIERE BEZIEHEN SICH AUSSCHLISSLICH AUF DEN NACHTRAG NR. 895 VOM 01. MARZ 2005 GEMAESS § 10 WERTPAPIER -VERKAUFSPROSPEKTGESETZ ZUM UNVOLLSTAENDIGEN VERKAUFSPROSPEKT VOM 28. FEBRUAR 2002.

1. BESTEUERUNG

Der folgende Abschnitt beschreibt die nach deutschem Steuerrecht auftretenden steuerlichen Folgen der Veraeusserung von Wertpapieren innerhalb der Einjahresfrist auf Grundlage des zum Zeitpunkt der Veroeffentlichung des Offering Supplement geltenden Steuerrechts. Diese Zusammenfassung ist allerdings nicht erschoeffend. Insbesondere werden keine Aussagen ueber die steuerlichen Folgen gemacht, falls einzelne Wertpapiere nach deutschem Recht als sogenannte Finanzinnovationen oder eigenkapitalaehnliche Instrumente zu besteuern sind. Inhabern, die in Bezug auf ihre steuerliche Rechtsposition im Zweifel sind, wird empfohlen, ihren Steuerberater zu konsultieren.

Ein in Deutschland ansaessiger Privatanleger (Wohnsitz oder staendiger Aufenthaltsort in Deutschland), der das Wertpapier innerhalb eines Jahres nach Erwerb veraeussert, unterliegt mit einem Veraeusserungsgewinn grundsaeztlich der Einkommensteuer, (zuzueglich Solidaritaetszuschlag in Hoehe von 5,5% der Einkommensteuer).

Der Erfolg aus der Veraeusserung wird als Differenz von Verkaufserloes einerseits sowie urspruenglichen Anschaffungskosten und Spesen andererseits ermittelt. Im Kalenderjahr werden saemtliche Gewinne und Verluste aus diesen Geschaeften saldiert. Liegen die Gewinne nach Saldierung unter Euro 512, bleiben sie steuerfrei; ab Euro 512 sind sie in voller Hoehe steuerpflichtig. Wird nach Saldierung ein Verlust ausgewiesen, kann der Verlust im Vorjahr erzielte Gewinne aus aehnlichen Geschaeften mindern. Ist das nicht moeglich oder gewuenscht, kann der Verlust vorgetragen werden.

Aehnliche Regelungen gelten, wenn der Privatanleger Rechte zum Erwerb/ zur Veraeusserung erwirbt oder Verpflichtungen zum Erwerb/ zur Veraeusserung innerhalb eines Jahres durch Barausgleich oder Glattstellung aufgibt. Auch nach Ablauf der Einjahresfrist kann im Einzelfall eine Steuerpflicht gegeben sein. Sind die Wertpapiere einem Betriebsvermoegen in Deutschland zugeordnet, unterliegt der Gewinn aus der Veraeusserung unabhaengig von der Haltedauer grundsaeztlich der Einkommensteuer - oder Koerperschaftsteuer zuzueglich eines Solidaritaetszuschlags i.H.v. 5,5% hierauf sowie der Gewerbesteuer. Der Umfang der Steuerpflicht ist allerdings fuer jeden Einzelfall gesondert zu bestimmen (z.B. keine Gewerbesteuerpflicht fuer Angehoerige freier Berufe). Ob Verluste abziehbar sind, haengt von den

Umstaenden des Einzelfalls ab. Auch eine nicht in Deutschland ansaessige Person ist im allgemeinen nach den oben genannten Grundsuetzen steuerpflichtig, z.B. wenn sie in Deutschland eine Betriebsstaette unterhaelt oder einen staendigen Vertreter bestellt hat.

2. EMISSION UND VERKAUF

Die Wertpapiere sind zum Vertrieb und zum Verkauf in Deutschland geeignet und werden am 01. Marz 2005 emittiert und ab dem 01. Marz 2005 freibleibend zum Verkauf angeboten. Die Wertpapiere koennen direkt von jeder Niederlassung der ABN AMRO Bank N.V. in Deutschland bezogen werden. **INFORMATION RELATING TO THE CURRENT PRICE LME FUTURES CONTRACT ON
COPPER GRADE A**

1. GENERAL DESCRIPTION OF THE UNDERLYING

The underlying is the current price of the London Metal Exchange (“LME”) forward contract on Copper expiring December 2004 (Bloomberg Code: LME). The historical underlying price information referred to below, does not specifically refer to the December 2004 contract. The following information has been obtained from the LME Website and from publicly available information sources.

The LME uses US Dollars as its major currency for each contract, the currency in which dealings on the floor are transacted and which is used for the announcement of the official prices. The price quotations and fixings in the spot market are in US Dollars and are quoted as the price per tonne. Copper Grade A trades in lots equivalent to 25 metric tonnes. However, Sterling, Euro and Japanese Yen also constitute good currencies for clearing purposes for all LME metals. Therefore the LME announces the exchange rates each day that the clearing house will use for evaluating the settlement prices.

The copper grade A delivered under this contract must be electrolytic copper in the form of cathodes - grade A. All copper grade A delivered must be of brands listed in the LME-approved list of copper grade A brands and must conform to BS EN 1978:1998 (cathode grade designation Cu-CATH-1).

**INFORMATION RELATING TO THE AMEX GOLD BUGS INDEX
(THE “AMEX GOLD”)**

1. GENERAL DESCRIPTION

The Amex Gold Bugs Index (“Amex Gold”) is a modified equal-dollar weighted index comprised of gold mining stocks (or ADRs thereon) which are listed on the American Stock Exchange, the New York Stock Exchange, or traded through the facilities of the National Association of Securities Dealers Automated Quotation System and reported National Market System securities. The Amex Gold was established with a benchmark value of 200.00 at the close of trading on 5 February 1996. Similar to other index values published by the American Stock Exchange LLC (“AMEX”), the value of the Index is published every 15 seconds through the Consolidated Tape Association's Network B under the ticker symbol “HUI”.

2. CALCULATION

The Amex Gold is calculated using a modified equal-dollar weighting methodology to ensure that each of the component securities is represented in a predetermined weight in the Index. Every quarter after the close of trading on the third Friday of March, June, September and December, the Amex Gold index portfolio is adjusted by changing the number of shares of each component stock so that each one again represents a predetermined weight in the Index. The newly adjusted portfolio becomes the basis for the Index's value effective on the first trading day following the quarterly adjustments. If necessary, a divisor adjustment is made to ensure continuity of the Index's value.

The number of shares of each component stock in the Amex Gold index portfolio remain fixed between quarterly reviews, except in the event of certain types of corporate actions such as the payment of a dividend, other than an ordinary cash dividend, stock distribution, stock split, reverse stock split, rights offering, or a distribution, reorganization, recapitalization, or some such similar event with respect to a component stock. When the Amex Gold is adjusted between, quarterly reviews for such events, the number of shares of the relevant security may be adjusted, to the nearest whole share, to maintain the component's relative weight in the Index at the level immediately prior to the corporate action. The Amex Gold may also be adjusted in the event of a merger, consolidation, dissolution, or liquidation of an issuer of a component stock. In the event of a stock addition or replacement, the new component stock will be added to the Index at a weight determine by the Exchange. In connection with any adjustments to the Amex Gold, the index divisor is adjusted to ensure that there are no changes to the index level as a result of non-market forces.
